

Eczema

How it reddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum. The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions. Hood's Pills are the best cathartic. Price 25 cents.

THE HERALD.

The Christian Sunday school had 104 last Sunday.

Quarterly meeting of the Methodist church will be held Saturday and Sunday.

Hon. H. F. Pieratt writes that he sometimes gets awfully homesick at Frankfort.

WEAK STOMACH is strengthened and toned by Hood's Sarsaparilla, the medicine that cures dyspepsia and **POOR APPETITE**.

Ed Cecil attended circuit court at Campton on Wednesday, being summoned as a witness in the case of Stamper vs. Lacy.

Willie Quicksall and wife (nee Lizzie Pieratt) spent Sunday with Mrs. Quicksall's parents, Joe Pieratt and wife, at Maytown.

Judge Finley Fogg, of West Liberty, was here some days last week and again this week. He left for Campton Wednesday morning.

Little Porter Lacy will accept the thanks of the editor and his better seventh-eighths for a fine fat 'possum yesterday. Yum, yum.

To Cure a Cold in One Day
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Elza James and bride left Sunday for their home at Bushton, Ill. En route they will visit Andy James and family, of Montgomery county.

Two of Dan Davidson's sons, Younger and William Jennings Bryan, respectively, are boarding with Taylor Ringo and attending the academy.

On account of the quarterly meeting at the Methodist church Sunday, Wm. H. Cord will not preach at the Christian church, as was announced.

The Stamper-Lacy trial was set for yesterday, but it was probably not called, as some of the Commonwealth witnesses had not been summoned yesterday.

Rev. Barney Blankenship and wife have the thanks of the editor and his better seven-eighths for a mammoth head of white crisp cabbage, enough for several messes.

The great crowd of young men and women attending Hazel Green Academy will most certainly be a strong impetus towards the erecting of dormitories during the present year.

Hon. H. F. Pieratt is on the following committees, viz.: State Prison and House of Reform; Revenue and Taxation; Military Affairs; Legislative and Congressional Redistricting.

A portable engine and boiler and four wagon loads of oil drilling machinery passed through here on Tuesday for Campton, which now stands at the front as an oil producing field.

Rolly Taulbee and Milt Taulbee are visiting their grandfather, W. H. Taulbee, of the State-road fork, and other relatives. The first of the two has just been mustered out of the 26th U. S. infantry, and is the youngest son of Dr. Breck Taulbee, while Milt is a son of the late Pres Taulbee, and he is on a furlough from the 16th infantry. Both are in fine health and spirits and evidently army life agrees with them.

Jimmie James has been suffering with ulcerated sore throat all fall and winter, and his condition is critical. He was first attacked with tonsillitis, and then the ulcer developed. Dr. Bakes thinks he can cure him without an operation, but failing to do so, he will take him to Louisville for the ordeal.

John H. Rose has removed to his new blacksmith shop, adjoining the public school yard, but is awaiting a new forge before he is prepared to do work requiring a heat. He has a commodious and comfortable shop, and as soon as he gets things arranged he will be as snug as a bug in a rug.

Special Land Buyers' Excursions
Will run to the new lands of Greer county, Oklahoma, and other sections of the great Southwest in November and December, via the Frisco System.

Are you looking for rich and fertile farming lands in the Southwest which you can buy for from one-fourth to one-tenth the cost of lands of the East and North? They produce as much acre for acre. Here is a chance to better your condition and add a liberal amount to your pocket-book.

For full particulars and special railroad rates apply at once to R. S. Lemon, Secretary Frisco System Immigration Bureau, St. Louis, Mo.

We confidently expected the editor of the Campton Department to furnish us with the grand and petulant jurors this week but he did not send us a line. What is the matter, Ben, that you let the most important week of the triennial escape you?

Loss of Flesh

When you can't eat breakfast, take Scott's Emulsion. When you can't eat bread and butter, take Scott's Emulsion. When you have been living on a milk diet and want something a little more nourishing, take Scott's Emulsion.

To get fat you must eat fat. Scott's Emulsion is a great fattener, a great strength giver.

Those who have lost flesh want to increase all body tissues, not only fat. Scott's Emulsion increases them all, bone, flesh, blood and nerve.

For invalids, for convalescents, for consumptives, for weak children, for all who need flesh, Scott's Emulsion is a rich and comfortable food, and a natural tonic.

Scott's Emulsion for bone, flesh, blood and nerve.

We will send you a free sample.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE,
CHEMISTS,
409 Pearl St., N. Y.
50c. and \$1; all druggists.

Interested(?) In Our Section.

NORTH CRANDON, WIS., Jan. 15.

Editor HERALD, Hazel Green, Ky.
Dear Sir: Would you kindly put us on your exchange list for a few months? We ask it as a courtesy because several of our towns people are interested in your part of the country. Respectfully yours,
ANNA E. MILLER,
Editor Forest Leaves.

We extend the courtesy but suggest that those interested should subscribe; only 50 cents a year. If, however, they will make affidavit that they are too poor, we will send it to them free.

Cured After Suffering 10 Years.

B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for 10 years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by druggists.

Our readers will remember that sometime ago Miss Ava Swango had \$40 in banknotes burned, but saved portions of the bills. These were sent to Congressman Frank Hopkins, with the request that he have the Treasury Department replace them with new ones, if possible. Jim Cecil, who had the matter in charge, received word Monday night that Mr. Hopkins had succeeded in his mission, and Ava is correspondingly happy.

Janus.

The poet makes January say: "Janus am I, oldest of potentates." Why not make this month say: Patron am I of Rheumatism, which I make more painful; of Catarrh, which I make more annoying; of Scrofula, which I develop with all its sores, inflammations and eruptions?

Hood's Sarsaparilla can be relied upon to cure these diseases, radically and permanently, and so there is no good excuse for suffering from them.

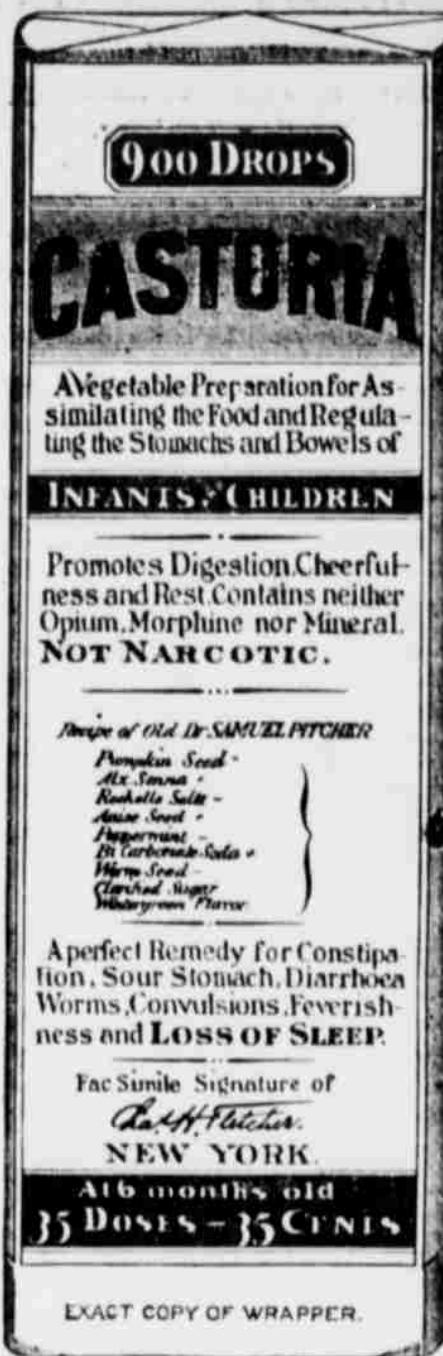

There are many splendid things in store for the pupils of the academy this term. Among them are: Lectures by E. M. Tinder, and the Dean of Cumberland University; Lectures by R. M. Hopkins; Sunday School Institute, by the field-worker of the State Sunday School Association, and a series of stereopticon lectures.

A letter from Mrs. Fanny Thomas, of St. Helens, to Mrs. Alice Pieratt, of this place, brings the news that she and her husband, Grant Thomas, are selling out to go to California. Mrs. Thomas is the only sister of Hon. H. F. Pieratt, now in the legislature.

The attendance at Hazel Green Academy is now the largest in the history of the school. Some have been kept away for lack of room. While the main boarding houses are full there is yet room for some in private homes. Every one who comes will be cared for.

Had the C. W. B. M. two dormitories with accommodations for 100 each they would be filled in January, 1905. The pupils who have come to H. G. A. this year have not come because of extensive advertising on the part of the academy.

Mrs. John H. Rose is confined to her bed with neuralgia of the stomach. But Dr. Bakes is attending her, and Mr. Rose on Tuesday told "our man about town" that she was better.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission apply to

JAMES K. PATTERSON, Ph. D., LI. D.
Or to **D. C. FRAZEE, Business Agent, Lexington, Ky.**

Fall Term Begins September 7th, 1903.

LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent two weeks in bed. It is the best medicine I have."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

THEFORD'S BLACK-DRAUGHT

Richmond DeBusk, of Port, Oklahoma, last week mailed us a copy of the Cordell Weekly Beacon, dated Dec. 31, 1902, every line of which we read, expecting to get some tidings of some former citizen. But not a word did we find, and we now conclude that he sent us the wrong paper through a mistake in his haste.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great worth in stomach and liver troubles. They not only relieve you but cure. 25c. at all druggists.

The meeting at the Methodist church, which is now in its third week, resulted in two additions on Tuesday and one reclaimed Monday. The meeting will be continued over Sunday, and possibly be protracted for another week, if the interest warrants.

STILLWATER SPARKLES.

G. B. Campbell, of Campton, was here Sunday.

A large crowd of Holly folks are attending the meeting here.

Jeff Johnson, whose store was burned here, is preparing for house-keeping again.

Uncle Bowen Rose, who has been an invalid for some time, continues quite ill at this writing.

Miss Callie Taylor, of Kentucky Wesleyan Academy, Campton, visited her parents here Saturday and Sunday.

Kelly, son of Uncle Jeff Rose and wife, is very ill with typhoid fever. Dr. J. H. Stamper is the attending physician.

There have been quite a number of new converts to confess Christ during the last week's meeting at the Murphy school house, and the meeting will continue for another week.

Jan. 19.

PRESTO.

A Vest Pocket Pector.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are De Witt's Little Early Risers. A vial of these little pills in the vest pocket is a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Sold by all druggists.

Dan Davidson will move to town this week and occupy a house on the new street to the academy.

THE CATTLE COUNTRY

Interesting Phases of the Struggle for New Territory.

Lured by Stories of Sudden Riches, Men Have Flocked in from All Parts of the World—Odd Incidents.

For ten years, more or less, say from 1874 to 1884, and later than this in the northern range, there was universal prosperity and plenty of money; to be a cowman meant being a small, but powerful king with a princely kingdom, the boundaries of which were set by precedent and by the honor of custom—as far as a man on horseback could see, and by water—as firmly as if corner-marked and title-deeded. There was no rent, and virtually no taxes to pay. A man might own a hundred thousand cattle, and not an acre of land, though he claimed "range rights" to 50,000 acres, and enforced those rights with blood and iron, writes Ray Stannard Baker, in Century.

Apparently this was a new sort of free life in which man had risen above the old slow rules of thrift. It was a simple business; turn the cattle to grass, and when money was needed, round them up and sell them.

But the lucky dog sometimes had difficulty in enjoying his home in peace. Lured by the stories of sudden riches in the cattle country, other men, as bold and hardy as the first, flocked in from all parts of the world, and began raising big and little herds. The building of the railroads across the continent stimulated immigration; the great Texas boom followed the completion of the Texas Pacific railroad in 1881. At first the early comers welcomed the new rangers, sold them cattle at exorbitant prices, chuckled at their innocence, allowed them to come in on the ranges, and grew richer and richer. There were times when Texas steers, big and little, brought \$25 each on the range. But the tide swelled, and the cattle continued to increase enormously. Presently the first real settlers, the "rustlers" of Texas, who wished to fence the land for farms, appeared in numbers, and the early comers, the original cowboys, began to chafe. "Who's elbowing me?" they inquired, and there was prompt and effective shooting, and the wholesale cutting of the new fences.

Many good men lay down in the hot sand, never to rise again. But that, bad as it was, did not tell the whole story of destruction. If cattle had been killed instead of men, the trouble might have been averted, but the herds went on multiplying until they covered all the range, giving it no rest winter or summer. Each cowman scrambled for all he could get; he argued that if he did not take the grass his neighbor would. And who cared a rap for the future? Life was short and money tangible. At first there had been enough grass to support one steer to every two acres of land; in half a dozen years a steer did well to make his living on five acres. After that the ratio steadily widened. So great was the struggle for new territory that whole herds of cattle sometimes went 20 miles or more to water and then back again, galloping every step, and working hard between times to get enough from the falling ranges to keep life within their lean carcasses. And today there are many parts of the range that will not support ten cattle to the square mile, one steer to every 64 acres, and it is a good range indeed that will feed a steer to every 20 acres. There are whole ranges in Texas, New Mexico and Arizona, once rich beyond belief, that are completely deserted and given over to the desert.

Ice and Milk for the Poor.
A philanthropic society in Philadelphia peddles ice in the summer to the poor at one cent for as many as several pounds, and pure sterilized milk at one cent a bottle.—Albany Argus

Troubles of Li Hung Chang.
It is taking Li Hung Chang a long while to get the old empress dowager to put him back on the pay roll this time.

Culture of Daffodils.
The culture of daffodils has become quite an industry in the southern part of Lincolnshire, England.

ST. VITUS' DANCE Sure Cure. Circular, Dr. Fenner, Fredonia, N.Y.

For sale by H. F. Pieratt.

The Farmers and Traders Bank, of Campton, had printed at this office and sent out cards thanking their friends for patronage and announcing the following directors for 1904: G. W. Halsey, president; S. S. Combs, vice-president; S. G. Drushel, cashier; J. R. Elkins, J. S. Vaughn, J. T. Crain, George Clark, Lon Rodgers and W. S. Tutt, who appeal to the people to support a home institution.

Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now," and cast it aside. On the morrow a cramp on the door and the tear-stained faces of wife and little one told a story too sad to picture.

Among the many uncertainties of life there comes a certainty—it is Death, and we must all meet it. It rests with you to make provision for those who depend upon you. The best protection that money can buy is in the

THE MAINSPRING

THE mainspring of a watch imparts the power to keep it going—when clogged up the time-piece is useless. The liver is the mainspring of the human body. When it is out of order, the entire system is disorganized, and every organ in the body is affected. Torpidity of the liver is an abnormal enlargement of that organ—with a consequent stoppage of its functions.

Constipation, Piles, Dyspepsia, Indigestion and Malarial Fever are all the direct results of a torpid liver, and if allowed to continue, will surely result in even more dangerous organic diseases, such as Bright's Disease, etc.

Planters Nubian Tea—a purely vegetable compound—will quickly relieve and permanently cure sick headache, tired feeling, depression of spirits, loathing of food, fullness or distress after eating, aching limbs, vomiting, nausea, constipation, feeling of soreness in region of liver, jaundice, impure blood, muddy complexion, and all other symptoms due to torpid liver. Purges the system of all impurities—restores every organ to perfect health. At your druggist's, or prepaid by mail, 25c. a package, 5 packages \$1.00. Send for sample and booklet free.
